LABORATORY / INDUSTRIAL

A&D
A&D Weighing

A&D Weighing has been providing industry-leading precision weighing and measurement equipment in both laboratories and manufacturing facilities across the world for over 40 years. We offer a complete line of electronic laboratory balances, industrial digital scales, weighing indicators and controllers, load cells, and non-destructive measurement equipment. We specialize in providing measurement solutions for a wide variety of industries such as, Academia, Food & Beverage, Cannabis, Chemical, Pharmaceutical and Manufacturing. Each piece of equipment passes through the highest of quality standards at our ISO 9001 certified facilities.

Visit www.andweighing.com/resources/catalogs to view the digital catalog.

LABORATORY WEIGHING

AND
A&D Weighing

Ion BM Series Micro-Balances

PREMIUM

- Easy, fanless elimination of static electricity using a built-in ionizer
- Anti-static breeze break
- Large weighing chamber for improved usability
- Built-in temperature, humidity, and atmospheric pressure sensors
- Interlockable slide doors allowing efficient operation with both hands
- Motorized calibration with an internal mass:
 - » Automatically triggered based on temperature variation
 - » Triggered by operator
- Clearly visible, white-backlit LCD
- Memory: up to 200 data sets
- AD-1688 as standard accessory: dedicated USB key to record weighing data as well as environmental parameters into MS Excel readable files
- 12 weighing units: g, mg, oz, ozt, ct, mom, dwt, GN, tael, tola, pcs (counting), %.
- Special pans/holders for BM-20/22:
 - » Small pans for sampling minute amounts
 - » Holders for PM filters
 - » Holders for microfuge tubes
 - » Optional pipette accuracy testing kit
- Interfaces:
 - » RS-232C (standard)
 - » Quick USB (standard)
 - » Ethernet (optional)

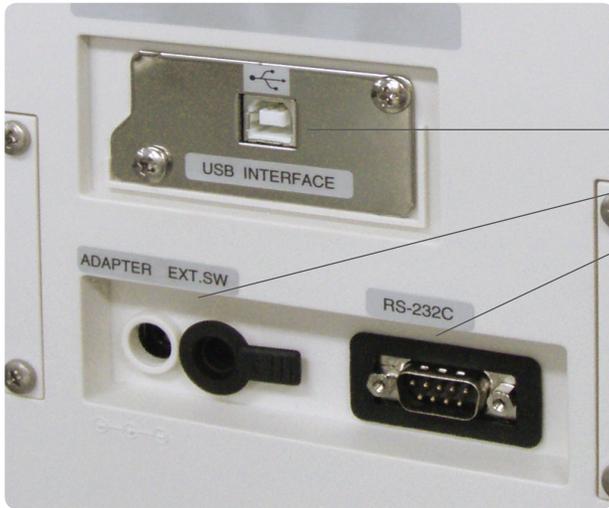

To block drafts, A&D adopted a double ring structure around the weighing pan and two vertical shields under the separation plate. This offers more space and easier operation.

The removable separator plate enables to have one large chamber if needed.

Model	Capacity	Resolution	Pan Size
BM-20	22g	1µg	Ø 25mm
BM-22	22g/5.1g	0.01mg/1µg	(50 and 95mm for filter pans)

Ion BM Series Micro-Balances

PREMIUM

Three interfaces are delivered as standard with the BM:

- USB to PC
- Digital input signal
- Bidirectional RS-232C (Ethernet option available)

Example of connections to various peripherals:

Special pans for weighing PM filters

Aluminium analytical pans

Holders for micro tubes

- WinCT Plus – LAN Ethernet network
 - » LAN-Ethernet interface (BM-08, optional) with WinCT-Plus software: You can send commands for controlling and acquiring data to multiple balances

- BM-014: Pipette accuracy testing kit (for BM-20/22): Evaporation trap, special tubes, software for pipette control according to ISO8655, and related equipment. All comes in a carrying case.

Standard functions

(BM-22)

Optional

A&D-MEET

A&D Measurement Environment Evaluation Tool

Data acquisition from BM

Recovering data in MS Excel on PC

BM has built in sensors to monitor weighing conditions:
Humidity Temperature Atmospheric Pressure

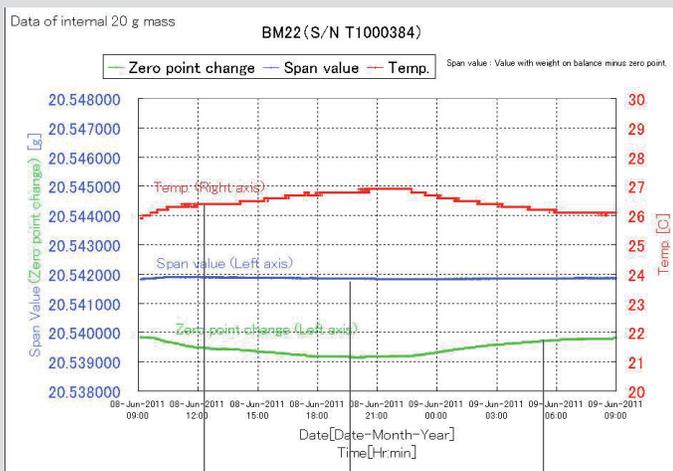

AD-1688

The goal is to characterize, qualify, and optimize your weighing environment in order to enable accurate micro weighing.

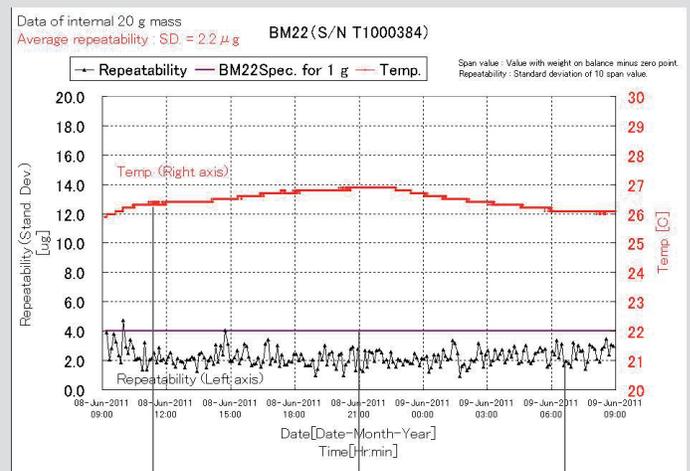

In conjunction with the AD-1688 data logger (supplied as standard) performance and environmental data can be recorded over a 24 hour period in order to characterize the weighing environment.

Saved data includes weight (utilising the internal calibration system) temperature, atmospheric pressure and humidity. Recorded data can then be emailed to A&D for analysis and reporting. An A&D representative will be able to provide an objective assessment of the weighing environment and discuss possible solutions with the end user where required.

Examples of graphs generated/AND-MEET with AD-1688

Temperature Span value Zero point change

Temperature Nominal value of standard deviation Evolution of standard deviation over time

Ion BM Series Semi-Micro Analytical

PREMIUM

The BM analytical models have the same functional characteristics as the BM micro models. Eliminates risk with smart weighing features.

BM-252

Large weighing chamber (separator plate is easy to remove).

Model	Capacity	Resolution	Pan Size
BM-252	250g	0.01mg	Ø 90mm
BM-200	220g	0.1mg	Ø 90mm
BM-300	320g	0.1mg	Ø 90mm
BM-500	520g	0.1mg	Ø 90mm

* BM-08 and the standard Quick USB interface cannot be used at the same time

Phoenix™ GH Series Semi-Micro Analytical

CLASSIC

High performance balance to fit your workflow needs

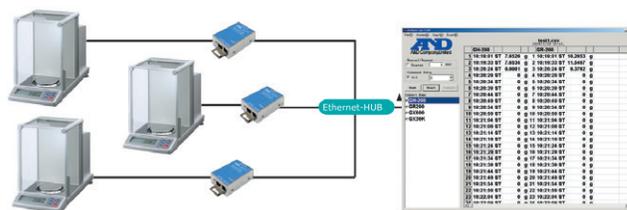

GH-252

- Ordinal Electromagnetic Sensor (OES) weighing technology provides the best accuracy & precision

Network Capability

With Option 08 (GH and HR-i Series)
or Ethernet Adapter AD-8526

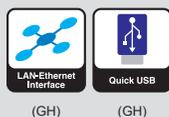

- Wide weighing range for 0.01mg resolution: 101g for GH-252 and 51g for HR-202i
- Antistatic glass
- One-touch auto self calibration by motor driven internal calibration mass (GH only)
- Automatic calibration when the ambient temperature changes (GH only)
- Standard RS-232C interface for printer, PC or other peripherals
- GLP, GMP and ISO compliant
- Data memory function (GH only)
- ID number for GLP output
- Auto power OFF function
- Large weighing chamber of: 183mm (W) × 148.5mm (D) × 251mm (H)
- WinCT Communications software (download)

Standard functions

Optional

Remote controller	AD-8922A
Remote display	AD-8920
RS-232C/Ethernet converter	AD-8526
Anti-theft device	AD-100-2

- Fully automatic self calibration with one push of the CAL key or triggered by temperature change
- Easy access door with a front lever for quick and efficient access to the weighing chamber
- Automatic adjustable environment settings
- Multiple weighing units
- Standard RS-232C communication with PC
- Underhook weighing
- WinCT software (download)
- Large memory for weighing data
- Approx. 30% smaller footprint than other analytical balances
- GLP compliant

Standard functions

Galaxy HR-A/AZ Series Analytical Balances

STANDARD

Small but mighty - a user friendly balance that fits any budget

HR-250A

Large breeze break with rotary sliding doors

HR-250AZ

- Unique design
- External calibration
- Backlit display
- Supports multiple weighing units like counting, % weighing, comparator...
- Calculates density automatically (option EJ-13)
- Hygienic and rustproof stainless steel pan
- Security slot at the back for wire-locking to prevent theft
- Stackable body to save storage space
- Power supply: AC adapter or 4 AA size dry batteries (batteries are not included)
- Low battery indicator

Optical communication adapter	AD-1611
Optical cable 10m	AX:KS5456-010
Optical cable 30m	AX:KS5456-030
Optical cable 60m	AX:KS5456-060

Standard functions

- Compact, lightweight and extremely affordable while providing excellent intrinsic protection
- Battery operation*1 (approx. 250 hours) for high portability, requiring no power supply from a safe area via a safety barrier
- Easy-to-read LCD display with backlight (16 mm character height)
- Auto power OFF function to save battery power
- Hygienic and chemically resistant stainless steel (SUS304) weighing pan
- Multiple weighing units: g, oz, lb, ozt, ct, mom, dwt, gr, N, in addition to SG (specific gravity)*2
- Counting mode with Automatic Counting Accuracy Improvement (ACAI) function
- Percent mode function for target weighing, checking the sample variation, etc.
- Comparator function for faster and more accurate filling, packing, sorting, etc.
- Adjustable response characteristics depending on the degree of drafts and vibrations at the location
- Security ring for wire-locking the balance to prevent theft
- Optical communication optional with AD-1611

*1 Only to be used with four DURACELL AA alkaline MN1500 LR6, ENERGIZER AA E91 alkaline LR6 AM3, or Panasonic AA alkaline LR6 (XJ) 1.5V batteries.
 *2 Either tl (tael) or tol (tola) can be added upon request.

Rechargeable, portable power supply unit	AD-1682
Animal weighing pan	AX-GXK-012

- Fast response time with Super Hybrid sensor (SHS) – only 1.5 seconds
- One touch automatic calibration with motor-driven internal calibration mass (GX-K)
- Automatic self calibration when the ambient temperature changes (GX-K)
- IP65 – water and dust proof
- Standard RS-232C Interface
- GLP, GMP and ISO compliant
- Underhook weighing (for thermal or magnetic samples, or for density measurement)
- ACAI (Automatic Counting Accuracy Improvement)
- Auto power ON function
- Display auto power OFF function
- Data memory function
- Smart Range function (GX/GF-8K2/32K)

*Note: In wet areas, please use interfaces only with OP-07.

GX-K/GF-K Industrial Precision Balances

Robust:

- Die cast aluminium
- Four support points under the pan
- Mechanical keyboard
- SHS sensor technology

Easy to clean

IP 65 dust & water protected, for a large weighing capacity at a given resolution:
10kg × 0.01g, 31kg × 0.1g

MC Mass Comparators

Precision Balance with Extended Resolution

MC-6100

MC-10K and auto-centering pan

Model	Capacity	Resolution	Pan Size
MC-1000	1100g	0.0001g	128 × 128mm
MC-6100	6100g	0.001g	165 × 165mm
MC-10K	10.1kg	0.001g	270 × 210mm
MC-30K	31kg	0.01g	270 × 210mm
MC-100KS	101kg	0.01g	386 × 346mm

Standard functions

(MC-10K/30K)

(MC-10K/30K/100KS)

Optional

(MC-100KS)

- For management of masses in the OIML Class F1 or below
- Extra decimal place for monitoring fine weight changes with heavy tare weights
- Stabilizing filter to lessen errors due to drafts or vibrations
- Auto-centering pan to avoid corner-load errors and ensure higher accuracy (optional)
- Internal calibration mass for simplified calibration of the balance
- Equipped with a glass breeze break (MC-1000/6100) or simple breeze break as standard (MC-10K/30K)
- Fast stabilization of approx. 1.5 seconds
- GLP/GMP/GCP/ISO compliant output
- Large bright Vacuum Fluorescent Display
- Multiple weighing units of measurement

MC Mass Comparators

MC-100KS

MC-30K with auto-centering pan

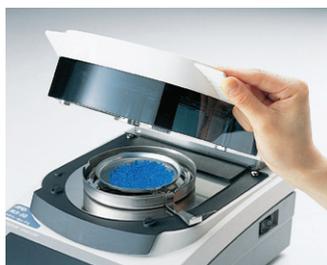

Options & Accessories		Model
For MC-1000/6100	Auto-centering pan (MC-1000)	AX-MC1000PAN
For MC-1000/6100	Auto-centering pan (MC-6100)	AX-MC6100PAN
For MC-1000/6100	Quick USB interface with cable	GX-02
For MC-1000/6100	Comparator output with a buzzer/RS-232C/current loop*	GX-04
For MC-1000/6100	Analog voltage auto-centering pan (MC-1000)	GX-06
For MC-1000/6100	Output/current loop*	GX-12
For MC-1000/6100	Animal weighing pan	GX-13
For MC-10K/30K	Auto-centering pan (MC-10K/30K)	AX-MC10K/30KPAN
For MC-10K/30K	Comparator output with a buzzer/RS-232C/current loop**	GX-04K
For MC-10K/30K	Analog voltage output/current loop**	GX-06K

For MC-10K/30K	Animal weighing pan	GXK-012
For MC-10K/30K	Carrying case	GXK-015
For MC-100KS	Comparator output with buzzer/RS-232C/current loop	GP-OP-04
For MC-100KS	Analog voltage output/current loop	GP-OP-06
For MC-100KS	5m display cable (factory fit)	GP-OP-07
For MC-100KS	Animal weighing pan	GP-OP-12
For MC-100KS	Underhook	GP-OP-21
For MC-100KS	AD-8121B printer support bracket	GP-OP-22
For all models	Weighing environment logger (temperature, humidity, pressure, vibration)	AD-1687

* GX-04 and GX-06 are factory installed options.

** GX-04K, GX-06K, and the standard RS-232C interface cannot be used at the same time. The MC-10K/30K are not IP65 compliant with these options

M Series Moisture Analyzer

Save time & money with moisture results within minutes

Simple operation

Easy sample handling

Quick reference card

SRA Filter

A&D Innovation, maximizing uniform heating of the sample

SHS Sensor

A&D Innovation, robust, reliable and fast weighing

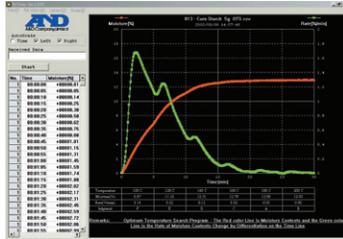

ML-50

- Fast and uniform heating with halogen lamp and uniquely designed "SRA" filter that avoids hot spots
- High repeatability with SHS technology (Super Hybrid Sensor)
- Sodium Tartrate Dihydrate for accuracy verification
- Calibration function for the heating temperature with optional MX/MF-OP-43 (for MS & MX)
- Memory function (to be able to save/recall configurations as well as measurement results)
- Five measurement programs (standard, automatic, quick, timer and manual mode)
- Four heating modes (standard, quick, step and ramp mode) (not ML)
- Large and easy to read VFD display
- Standard RS-232C interface
- Measurement of liquid or solid content

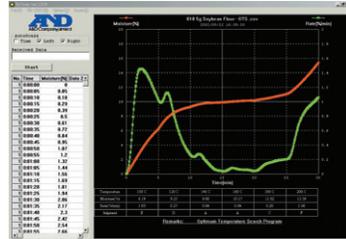

Standard functions

WinCT-Moisture Software Moisture Analyzers

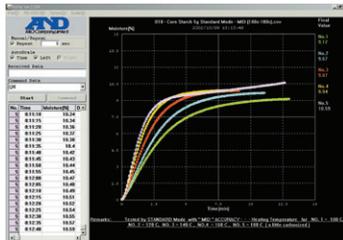

Soybean flour

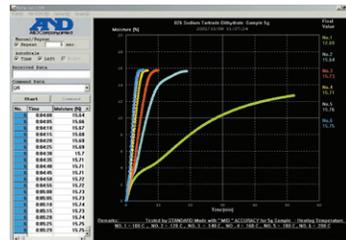

Sodium tartrate dihydrate

The example shows multiple measurements by using the RS-Fig graphical software:

Sodium tartrate dihydrate

Soybean flour

WinCT measurement graphs

With our WinCT-Moisture software, data measured by the moisture analyzers can be easily displayed on your computer. You can animate analysis curves in real time (*module RsFig*), control the equipment from your PC (*RsCom*) and transfer measurement results directly into MS Excel or MS Word (*RsKey*). WinCT-Moisture allows testing of new sample types in order to determine the best measurement parameters such as heating temperature (*RsTemp*). This function is very useful to reduce the measurement time and to improve accuracy.

Model	Capacity	Resolution	Moisture Content	%Accuracy(1g)
MS-70	71g	0.0001g	0.001/0.01/0.1%	0.05%
MX-50	51g	0.001g	0.01%/0.1%	0.1%
MF-50	51g	0.002g	0.05%/0.1%/1%	0.2%
ML-50	51g	0.005g	0.1%/1%	0.5%

Options & Accessories	Model
Sample Pans (Single-use disposable, 100 ea) (Ø 85 mm)	AX-30
Sample Pans (Reusable washable, 100 ea) (Ø 85 mm)	AX-31
Glass Fiber Sheets (100 ea) (Ø 70 mm)	AX-32-1
Glass Fiber Sheets (100 ea) (Ø 78 mm)	AX-32-2
Sodium Tartrate Dihydrate Test Samples (30g x 12 ea)	AX-33
Halogen Lamp (replacement)	AX-34
220V Halogen Lamp (replacement)	AX-MX-34-240V
Pan Handles (2 ea)	AX-35
Tweezers (2 ea)	AX-36
Spoons (2 ea)	AX-37
Protective Covers (5 ea)	AX-38
Dust Cover	AX-39
WinCT-Moisture (standard for MS-70 & MX-50, option for MF-50)	AX-42
Calibration Mass (20g)	AD-1700-20G
AX-43 Temperature Calibrator (MS-70 & MX-50 only)	MX/MF-OP-43
Power Cable (120V)	KO:115
Power Cable (220V)	KO:243
USB to 25 pin RS-232 Converter	AX-USB-2920-25P

Note: For 220V power add "X" to the end of the part # (e.g. MS-70X) No additional cost.

- WinCT-Moisture displays moisture rate changes over time in a real-time animated graph (RsFig)
- Measures moisture rate in shortest time with excellent accuracy
- Shows sample data summary: configuration description and measurement results
- Calculates measurement data statistics
- Saves the recorded data as a CSV file

MPA Series Electronic Pipettes

Greater Ease & Ergonomic - Higher Precision

The plunger of the pipette is controlled by lightly pressing a key with the ball of the forefinger (like pulling a trigger), while maintaining all fingers in a natural, effortless grip. No longer will hours or days of pipetting cause pain in your thumb

Stress-minimized, pain-free operation:

Reduced physical stress due to ergonomic operation. The use of an electronic pipette requires minimal power, and keeps the strain on your hand as low as possible. The degree of fatigue compared to a manual pipette is very low.

With padding set on the four corners of the head, the pipettes of the MPA series are protected from impacts and falls.

Model	Volume Range	Accuracy
MPA-10	0.5 to 10.0µL	0.1µL
MPA-20	2.0 to 20.0µL	0.1µL
MPA-200	10 to 200µL	1.0µL
MPA-1200	100 to 1200µL	1.0µL
MPA-10000	0.1 to 10.0mL	0.01mL

Accessories	Model
Tip box for the MPA-10/20/200*3	AX-BOX200A
Tip box for the MPA-1200*3	AX-BOX1200A
Tip box for the MPA-10/20/200 (without lid)*3	AX-BOX200B

Tip cartridge for the MPA-1200 (10 trays)*4	AX-CART-1200
Tip box for the MPA-10000 (250 pcs)	AX-BULK-10ML-A
Tip box for the MPA-10000 (36 pcs)	AX-BOXT-10ML-A
Tip box for the MPA-10000 (36 pcs sterilized)	AX-BOXT-10ML-AS
Stainless steel stand (for up to three MPAs)	AX-ST-SUS
Acrylic stand (for up to two MPAs)	AX-ST-ACR
Charging hanger	AX-HA-CHG
Charging stand for single MPA	AX-ST-CH-A1
Charging stand for four MPAs	AX-ST-CH-M4
Lithium-ion rechargeable battery	AX-BAT-MPA

- Automatic operation assuring accuracy for everyone at all times
- Calibration and display by either volume (µL/mL) or weight (mg)
- Multiple dispensing (MD) mode with automatic initial volume correction (pre-dispensing)
- Mixing (MIX) mode for homogenizing solutions
- Reverse operation for accurately dispensing viscous samples
- Aspirating/dispensing speeds adjustable to 5 levels
- Easy calibration (adjustment) by yourself – user CAL function
- Accurate pipetting possible with other manufacturers' tips

*3 tips not included, *4 one set includes 96 tips

AD-4212A/B-PT, FX-300i-PT Pipette Accuracy Testers

FX-300i-PT

AD-4212B-101

- Compliant to ISO8655 for “gravimetric methods”
- Three models covering a wide volumetric range from 1µg to 1mg
- The innovative SHS Sensor enables very fast measuring and quick stabilisation time, and therefore increases productivity when testing pipettes
- Data evaluation and control of the balance with “WinCT-Pipette” software
- Standard liquid thermometer for precise mass-to-volume conversion
- Standard calibration weight and tweezers to maintain the balance accuracy included

Model	Capacity	Min. weighing value
AD-4212B-PT	110g/31g/5.1g	0.1mg/0.01mg/1µg
AD-4212A-PT	110g	0.1mg
FX-300i-PT	320g	1mg

Standard functions

RV-10000/A

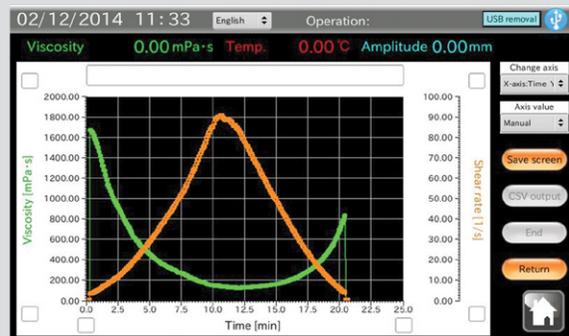

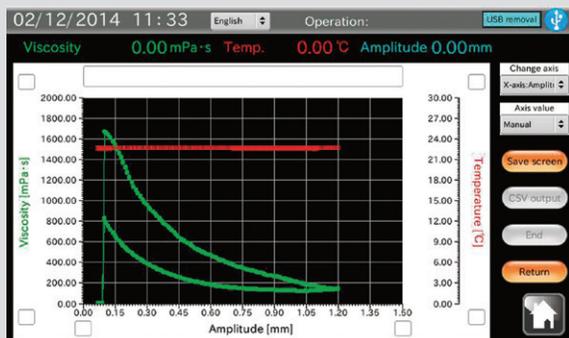

RV Tuning Fork Vibro Rheometer

RV-10000A

RV-A controller

* The shear rate shown by the controller is a root-mean-square value and is calculated assuming that the sample is a Newtonian fluid.

- Wide measurement range from 0.3 mPa.s-25,000 mPa.s
- Simultaneous measurement of temperature and viscosity
- Repeatability as high as 1% of the measured value even with low viscosity sample fluids
- Quick measurement in only 20 seconds
- Low thermal capacity of the sensor plates
- Adjustable vibration amplitude to allow changing the shear rate
- Measurement of liquids in motion
- Easy calibration by the user
- The sensor plates are easy to clean
- LCD Display with 7-inch, color touch-panel (RV-A)
- Can automatically change the amplitude of the sensor plates, and take data as programmed by the user (RV-A)
- Displays graphs of measurement data in real time
- Changes in the viscosity are shown as a function of temperature, time, and/or shear rate*
- The RVA model comes with a special controller enabling:
 - » Automatically changing the amplitude (shear rate) and capturing data in the manner set by the user
 - » Real time graphing of viscosity variation with time, temperature and shear rate
 - » Saving results (in CSV format) and graph screens (as JPEG images) in USB flash drives
- Sample fluid

RV Series Rheometer

Sensor plates (close up)

Two thin sensor plates arranged like a tuning fork, and electromagnetically driven, vibrate at a frequency of 30Hz in the sample liquid.

Viscosity is then calculated based on the proportional relationship between the viscous resistance of the sample fluid and the amount of electric current required to drive and maintain the sensor plates at constant vibration amplitude.

The sensor plate amplitude of the RV-10000/A can be altered between the minimum of 0.07 mm and the maximum of 1.2 mm (peak to peak), while the frequency is kept at 30Hz, which will cause a variation in shear rate.

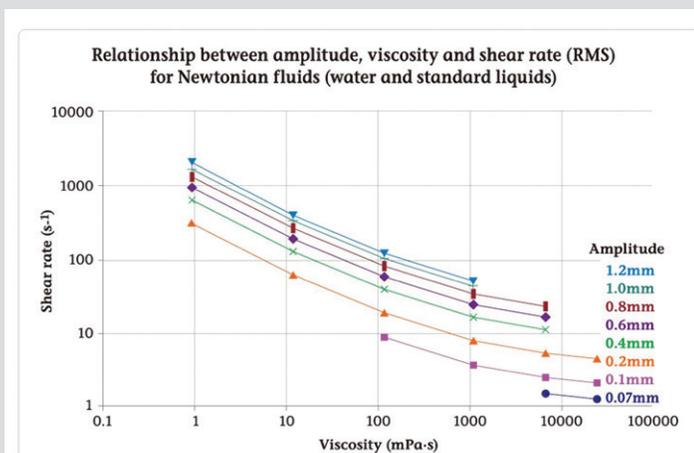

This allows the user to easily quantify the viscous behaviours of non-Newtonian fluids in response to different shear rates.

A temperature sensor (0 to 160 ° C) located between the sensor panels enables to capture the measuring temperature at the same place during the measurement.

In addition, the sample may be placed in the supplied water jacket with a commercially available temperature control tank, to control the temperature (between 0 and 100 °C) of the sample fluid in order to measure the viscosity at a constant temperature or to see how the viscosity varies with changing temperature.

WinCT - Viscosity (supplied) is software for automatic transfer of the measurement data (temperature and viscosity) to allow further processing. The measurement results can be graphically displayed in real time or can be stored as a "CSV file" for future analysis.

Model	Measurement Range	Units
RV-10000	0.3 — 25000 mPa·s	mPa·s, Pa·s, cP, P
RV-10000A	0.3 — 25000 mPa·s	mPa·s, Pa·s, cP, P

Options & Accessories for RV-10000 and RV-10000A	Model
Sample cup, 35-45ml, polycarbonate (pack of 10)	SV-33
Sample cup, 10ml, with cover, polycarbonate (pack of 10)	SV-34
Sample cup, 13ml, glass	SV-35
Positioning stopper	SV-36
Water jacket (1 water jacket, 4 x 10ml-cups with cover)	SV-37
Storage container, 60ml, glass (pack of 10)	SV-38
Storage container 120ml, polycarbonate (pack of 10)	SV-39
Analog voltage output (0-1V)	SV-42
5m display extension cable	SV-43
Software set (WinCT-Viscosity x 1pc, 25p-9p)	SV-53
Cable x 1pc, Serial-USB Converter x 1pc)	RS-232C
Viscometer Carrying Case	CC:SV
AC Adapter 120V (standard with unit)	TB:636
AC Adapter 220V	TB:137
25 pin RS-232 to USB Converter	AX-USB-2920-25P
Cup set:	SV-54
<ul style="list-style-type: none"> 5 x 45ml sample cup, polycarbonate 5 x 10ml sample cup, polycarbonate, 5 x cover for 10ml sample cup 2 x 13ml sample cup, glass, 1 x holder (stainless steel) for 13ml sample cup 1 x Water jacket, polycarbonate 	

SV Series Viscometers

SV-10/100

Viscosity Revolution!

Sine-wave Vibro Viscometers. Technology: The SV measures viscosity by detecting the driving current necessary to resonate two sensor plates at a constant frequency of 30 Hz and amplitude of less than 1mm.

- Small sample
- Simplicity
- Repeatability
- Speed
- Wide measuring range
- Measurement of very low viscosities

Specifications	SV-10	SV-100	SV-1A
Measurement method	Sine-wave Vibro Viscometer using tuning fork vibration method (30Hz)		
Measurement range	0.3~10000 mPa.s	1000~100000 mPa.s	0.3~1000 mPa.s
Units	mPa.s, Pa.s, cP, P	Pa.s, P	mPa.s, Pa.s, cP, P
Accuracy	Repeatability of 1% of the displayed value (S.D., 20~30°C, no condensation)		
Sample size	10ml~	10ml~	2ml~
Temperature range	0~160°C / precision 0.1°C		
Display	Vacuum Fluorescent Display		
Power supply	AC adapter (approx.14VA)		

WinCT-Viscosity Software

The module RsVisco was developed for the transmission of real-time viscosity and temperature measurement results from the SV series to a PC. The results are displayed in a graph format with scaling conversion and logarithm display functions available. The user can save the measurement data as a "CSV" file and open it using RsVisco or MS-Excel.

The module RsKey transfers measurements directly into an application such as MS-Excel. RsCom sends commands and can be used for remote control of the viscometer.

- Wide measurement range: 0.3 – 10,000mPa.s for SV-10, and 1,000 – 100,000mPa.s for SV-100
- Measurement of very low viscosities (*down to 1/3 of water viscosity!*)
- Temperature measurement from 0 to 160° C
- Fast measurements: 1st result within 15 seconds, and refresh in real time
- Possible continuous measurements in order to characterize changes of state
- High precision with a repeatability of $\pm 1\%$ of displayed value
- Small size sample: cups of 35ml, 13ml, 10ml, and even tubes of 2ml (*with SV-1A*)
- Possibility to do measurements directly into your containers: beakers, product packages.
- Low mechanical impact: preservation of sample characteristics and its texture
- Negligible thermal impact
- Measurements possible on foaming samples, on foam itself, on flowing or agitated samples
- Simple operation: no configuration - just push the start button
- Easy cleaning
- WinCT-Viscosity software for data acquisition on PC, graphic display of curves, and data archiving (*viscosity curves against temperature or time*)
- Calibration (judgement and even adjustment) of viscosity possible by the user: 1 or 2 points
- Simplified and automated calibration (*including adjustment*) with pure water (SV-10)
- Temperature control of sample with water jacket option (AX-SV-37) or other methods

SV Series Viscometers

SV-1A: miniaturized sensor

Standard accessories for SV-1A

2ml sample measurements (SV-1A)

Model	Measurement Range	Unit
SV-10	0.3 — 10000 mPa·s	mPa·s, Pa·s, cP, P
SV-100	1 — 100 Pa·s	Pa·s, P
SV-1A	0.3 — 1000 mPa·s	mPa·s, Pa·s, cP, P
SV-10A	0.3 — 10000 mPa·s	
SV-100A	1 — 100 Pa·s	

Options & Accessories for SV-10, 100, 1A	Model
Sample cup, 35-45ml, polycarbonate (pack of 10)	SV-33
Small sample cup, 10ml, with cover, polycarbonate (pack of 10)	SV-34
Sample cup, 13ml, Glass	SV-35
Positioning stopper	SV-36
Water jacket (1 water jacket, 4 × 10ml-cups with cover)	SV-37
Storage container, 60ml, glass (pack of 10)	SV-38
Storage container, 120ml, plastic (pack of 20)	SV-39
Analog voltage output (0-1V)	SV-42
Extension cable (5m) between the main unit and the display	SV-43
Tube holders for 2ml cups, polycarbonate	SV-56*
(5pc: 2 transparent, 3 black)	SV-56*
Rack stands for 2ml tubes (2 pcs)	SV-57*
Sample tube, 2ml with lid, polycarbonate (pack of 100)	SV-58*
Rack stand and 5 glass sample-cups (2ml)	SV-59*

*only for SV-1A

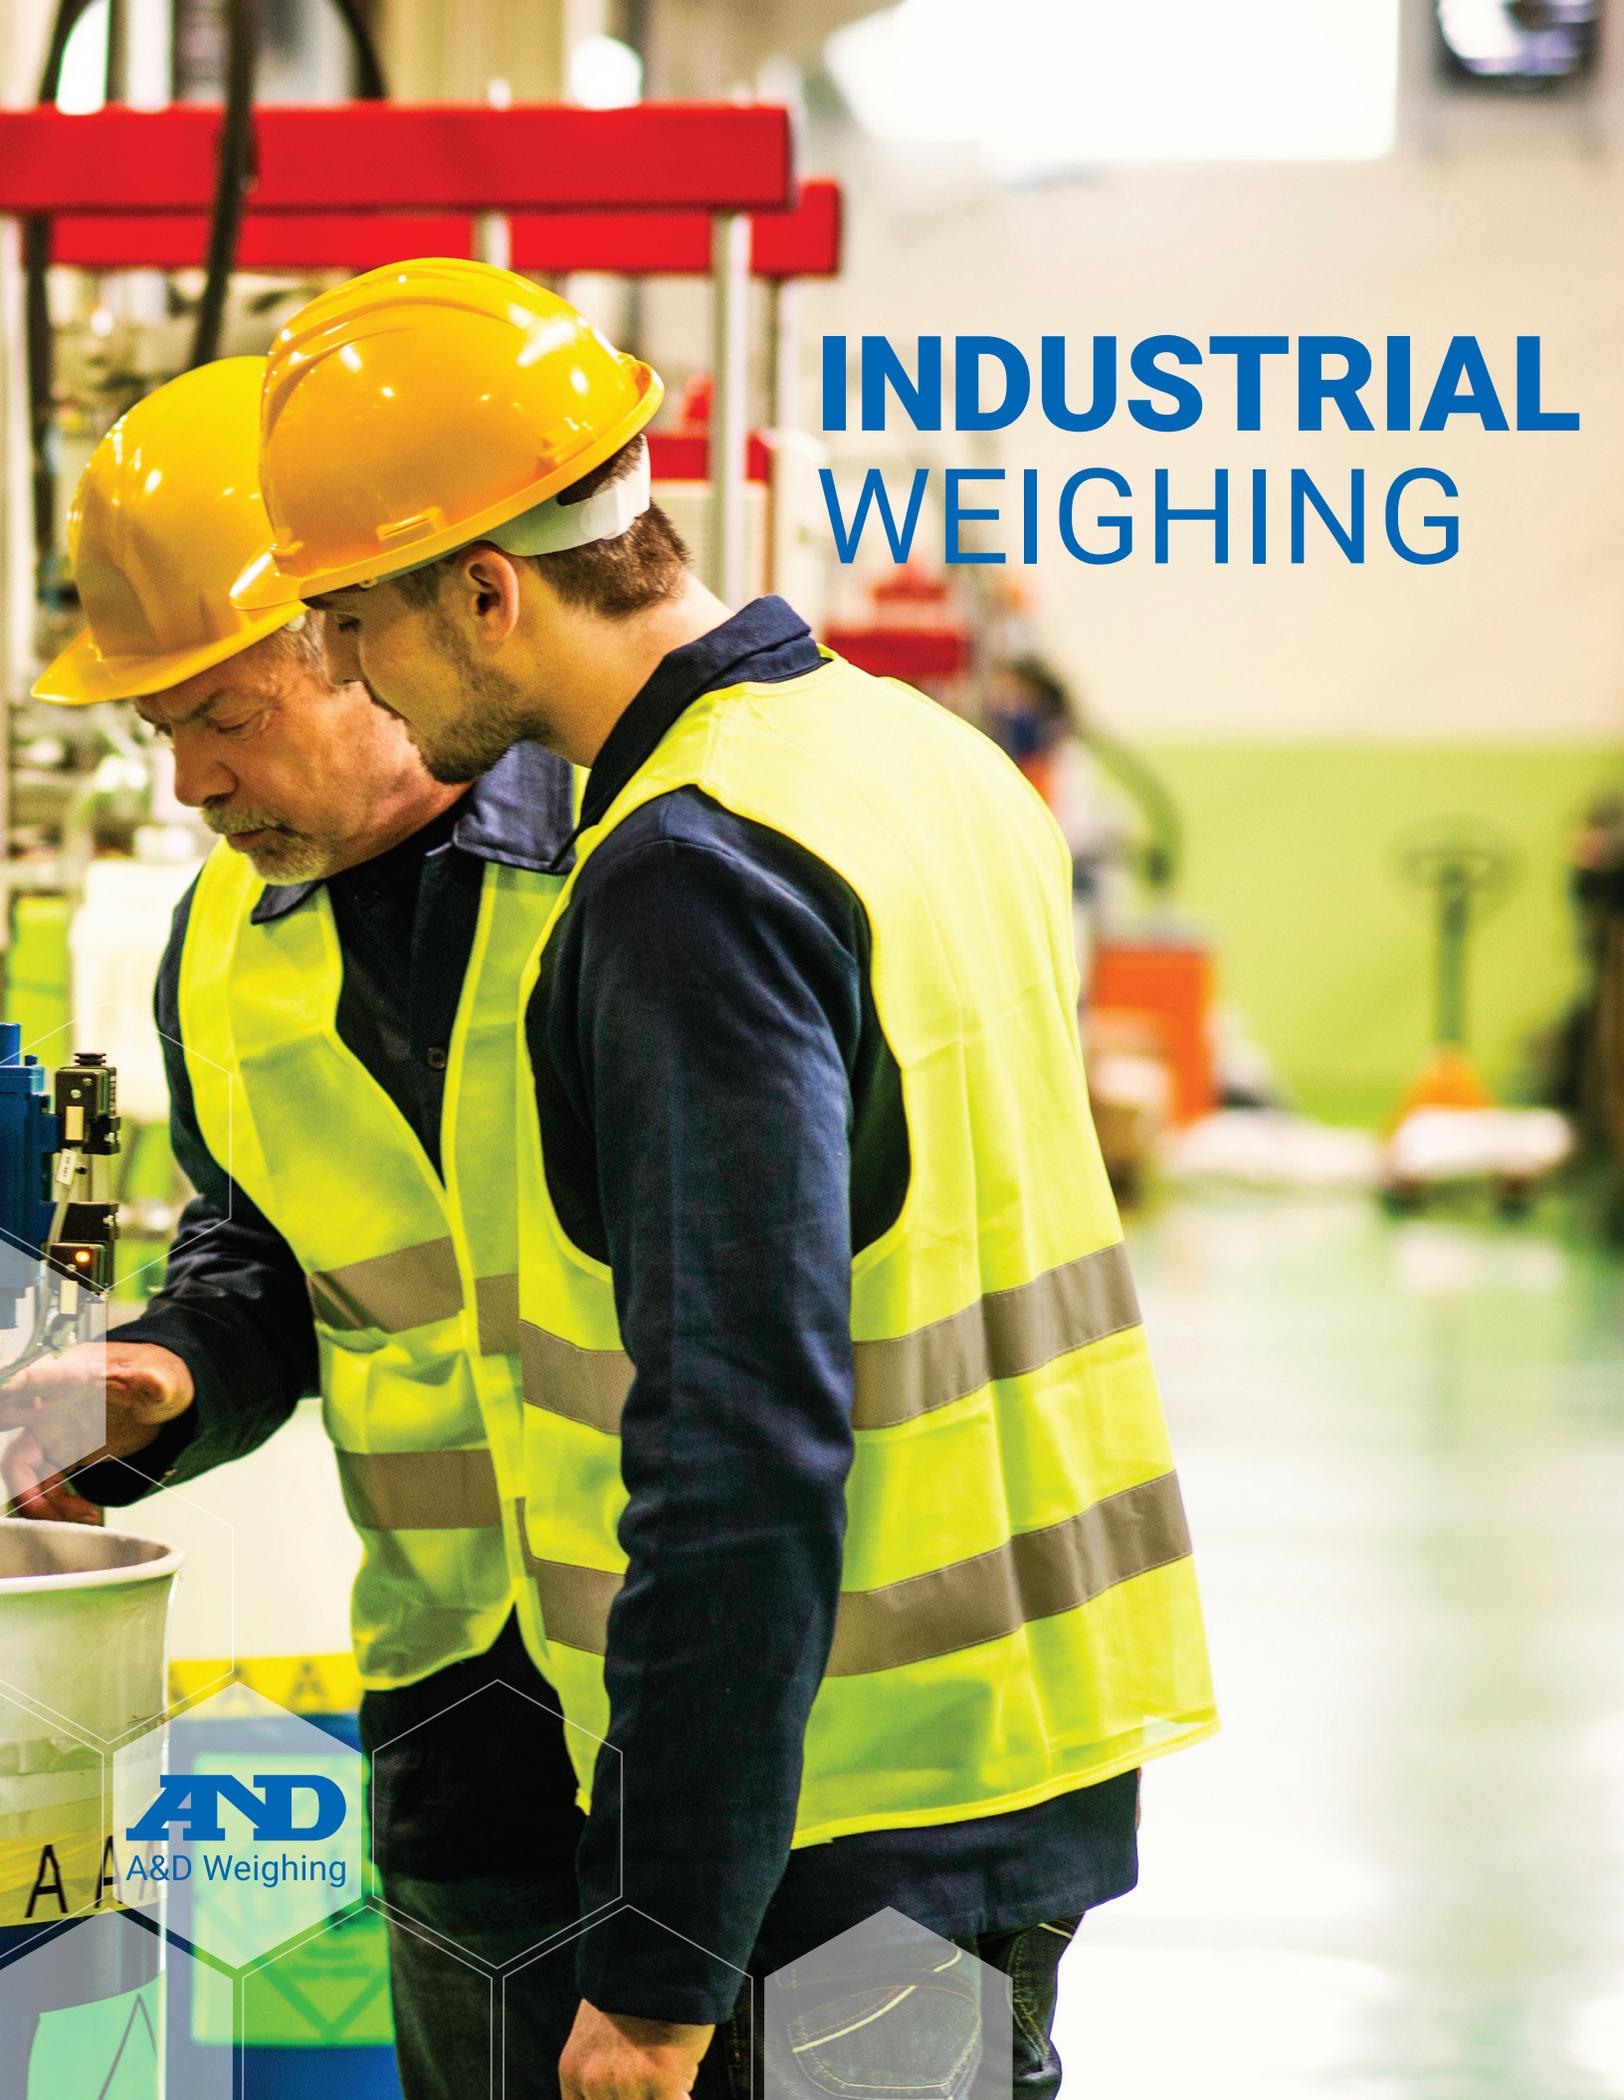

Standard accessories delivered with SV-10/SV-100:

4 x 35ml-sample cup (*polycarbonate*), WinCT-Viscosity software, RS-232C interface and cable.

Standard accessories delivered with SV1-A:

10 x 2ml-sample tubes with lid (*polycarbonate*), 5 x 35ml-sample cup (*polycarbonate*), 10 x 2ml-sample tubes (*glass*), 5 x holders for 2ml-sample tubes: 3 in black and 2 transparent, 1 rack for 2ml-sample tubes, 1 water jacket (*polycarbonate*), for temperature control, WinCT-Viscosity software, RS-232C interface and cable, USB adapter

INDUSTRIAL WEIGHING

A&D
A&D Weighing

HJ-150 Compact Scales

- Compact and lightweight design for easy portability
- Large, backlit LCD screen is easy to read
- Battery operation with 2 x AAA batteries for convenient on-the-go weighing
- Auto Power Off Function extends battery life
- Easy One-Touch Calibration with included 100g weight
- Weigh in either grams or ounces

Model	Capacity	Resolution	Pan Size
HJ-150	150g	0.01g	2.36 x 2.52in

Standard functions

PV Compact Scales

- Compact and lightweight design make for easy storage or transport
- Operation with 2 x AAA batteries for 40+ hours of use
- Auto Power Off Function conserves the battery life
- Large, clear LCD display for accurate reading of results
- Multiple weighing units g, oz, dwt, ozt

Model	Capacity	Resolution	Pan Size
PV-100	100g	0.1g	3.25 x 3in
PV-200	200g	0.1g	3.25 x 3in
PV-500	500g	0.1g	3.25 x 3in

Standard functions

HT Series Compact Scales

HT with stainless steel pan

Ideal for classrooms! The stackable case takes up less space for storage

- Large LCD display with clearly visible characters (13.5mm)
- External calibration
- Tare
- Battery operation with 4 AA size dry batteries (batteries are included)
- Long battery life: approx. 500 hours with alkaline cells
- Optional AC adapter
- Automatically turns off the display after 5 minutes of inactivity
- Delivered with a storage box
- Anti-theft lock
- Three color bars to sort scales easily - not HT-120 (e.g., color coded identification depending on classroom, lab, application...)

Model	Capacity	Resolution	Pan Size
HT-120	120g	0.01g	Ø 2.75in
HT-300	310g	0.1g	5.20 x 5.12in
HT-500	510g	0.1g	5.20 x 5.12in
HT-3000	3100g	1g	5.20 x 5.12in
HT-5000	5100g	1g	5.20 x 5.12in

Standard functions

Options & Accessories	Model
Stainless Steel Weighing Pan	HT-10
AC adapter (120Vac)	TB:662
AC Adapter (220V)	FV-06

HL-i Series Compact Scales

Easy storage on the side

- High weighing resolution (1/2,000)
- Large LCD Display
- Calibration function
- AC Adapter (option) or battery operation
- Long Battery Life: approx. 450 hours with alkaline cells
- Auto Power OFF
- Batteries included (4 x AA)
- Low battery indicator
- Multi weighing units
- Tare
- Overload protection

Model	Capacity	Resolution	Pan Size
HL-200i	200g	0.1g	Ø 5.1in
HL-2Ki	2000g	1g	Ø 5.1in

Options & Accessories	Model
Stainless Steel Weighing Pan (for HL-i)	AX:043008052
Plastic Carrying Case	AX-093008304
AC adapter for the HL-i	TB:662

Standard functions

SJ Series Compact Scales

- Stainless steel weighing pan
- Large LCD display
- Short stabilization time - less than 1 second
- Multiple weighing units – g, lb, oz and lb-oz
- Level bubble and adjustable feet for precise levelling
- Battery or AC adapter operation (AC adapter comes as option)
- 4 type D batteries (batteries not included)
- Long battery life: approx. 1,600 hours with alkaline cells at 20°C
- Simple and easy to change the batteries: battery tray at the back
- Flat design for avoiding food traps
- Hygiene - NSF approved

Model	Capacity	Resolution	Pan Size
SJ-1000HS	2.2lb / 1000g	0.001lb / 0.5g	9 x 7.5in
SJ-2000HS	4.4lb / 2000g	0.002lb / 1g	9 x 7.5in
SJ-5000HS	11lb / 5000g	0.005lb / 2g	9 x 7.5in
SJ-5001HS	11lb / 5000g	0.002lb / 1g	9 x 7.5in
SJ-12KHS	26lb / 12kg	0.01lb / 0.005kg	9 x 7.5in
SJ-20KHS	44lb / 20kg	0.02lb / 0.01kg	9 x 7.5in
SJ-30KHS	66lb / 30kg	0.05lb / 0.02kg	9 x 7.5in

Standard functions

Accessories	Model
AC adapter (120Vac)	TB:662
AC Adapter 220V (optional)	FV-06

HT-CL Series Compact Scales

- Highly-visible, multi-colored LED lights for quick and unmistakable comparator judgments
- 9 memories for comparator settings
- Negative values for comparator limits allow for checking weights that are taken out of (instead of added to) a container¹
- Operation with either four AA batteries or the provided AC adapter
- Large LCD display with 13.5-mm high characters
- Auto power OFF function to avoid wasting power
- Multiple weighing units: g, oz, ozt, lb-oz, dwt, ct, tael, tola and Newton²
- Security slot at the back to accommodate an anti-theft lock
- Key lock function to prevent operators from making changes to the scale settings
- Comes in a stackable carrying case to save space when stored
- Includes three color bars (red, green and orange) for sorting the scales depending on the purpose, owner, point of use, etc.

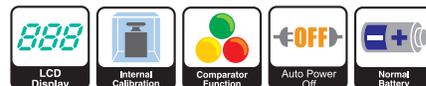

¹The display needs to be set to zero before each measurement.

²The comparator function cannot be used with lb-oz or tael, and lb-oz is not available with the HT-300CL.

Model	Capacity	Resolution	Pan Size
HT-300CL	310g	0.1g	5.20 x 5.12in
HT-500CL	510g	0.1g	5.20 x 5.12in
HT-3000CL	3100g	1g	5.20 x 5.12in
HT-5000CL	5100g	1g	5.20 x 5.12in

Options & Accessories	Model
Stainless steel weighing pan	HT-OP-10

Standard functions

HL-WP Series IP65 Compact Scales

HL-300WP

HL-3000LWP

- Dust and waterproof (IP65)
- Stainless steel case and weighing pan
- Compact design
- High resolution (1/3,000)
- Low battery indicator
- Portable (6 AA type batteries, batteries not included)
- Net weight and stability indicator
- Auto power OFF
- Optional AC adapter

Model	Capacity	Resolution	Pan Size
HL-300WP	10.58oz / 300g	0.01oz / 0.1g	5 x 5in
HL-1000WP	2.2lb / 1000g	0.001lb / 0.5g	5 x 5in
HL-3000WP	6.6lb / 3000g	0.002lb / x 1g	5 x 5in
HL-3000LWP	6.6lb / 3000g	0.002lb / x 1g	5.4 x 6.8in
HL-3000WPN*	6.6lb / 3000g	0.002lb / x 1g	5 x 5in
HL-3000LWPN*	6.6lb / 3000g	0.002lb / x 1g	5.4 x 6.8in

Options & Accessories	Model
AC adapter (120V)	TB:662

Standard functions

SK-WP Series IP65 Compact Scales

- NTEP Certified and Measurement Canada Approved
- Dust and waterproof (IP65)
- Stainless steel body and weighing pan
- Large & clear LCD display (25mm)
- 1/2,000 Resolution (SK-5001WP: 1/5,000)
- Net weight / Stability indication
- Separate keys for Power and Re-Zero
- Portable (6 D type batteries, batteries not included)
- Long battery life: approx. 1,200 hours with alkaline cells at 20°C
- Low battery indication
- Auto Power Off
- Optional AC adapter

Model	Capacity	Resolution	Pan Size
SK-1000WP	2.2lb / 1000g	0.001lb / 0.5g	9.1 x 7.5in
SK-2000WP	4.4lb / 2000g	0.002lb / 1g	9.1 x 7.5in

AC adapter (120Vac)	TB:662
AC Adapter (220V)	FV-06

Standard functions

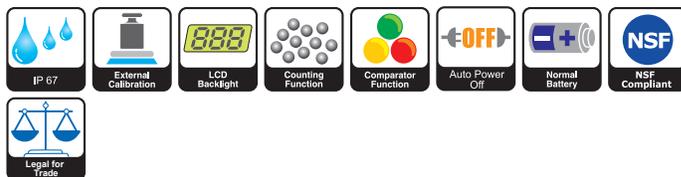

SJ-WP Series IP67 Checkweighing Compact Scales

Model	Capacity	Resolution	Pan Size
SJ-3000WP	6.6lb / 3kg	0.0002lb / 0.1g	9.1 x 7.5in
SJ-6000WP	13lb / 6kg	0.0005lb / 0.2g	9.1 x 7.5in
SJ-15KWP	33lb / 15kg	0.001lb / 0.5g	9.1 x 7.5in
SJ-30KWP	66lb / 30kg	0.002lb / 1g	9.1 x 7.5in

- IP67, dust and waterproof
- Externally mounted load cell to allow fast stabilization (max. 0.5 seconds)
- 5,000 hours of continuous operation with 6 D alkaline batteries (LED and backlight off) (batteries not included)
- Large LCD display (26 mm character height) with white backlight
- Bright and multi-colored 5-step LED comparator lamps
- Take-away check weighing using the auto-tare function
- Stainless steel (SUS304) weighing pan
- Waterproof and anti-corrosive load cell with integrated overload protection mechanism
- Four selectable weighing resolutions from 1/3,000 up to 1/30,000
- Auto tare function
- Counting function
- Auto power OFF function
- Multiple weighing units: g, kg, lb, oz, ozt, lb-oz, tael, tola, Newton
- Battery life indicator

Standard functions

EK-L Series Precision Bench Scales

Standard functions

- EK-15KL: Offers a large capacity and high resolution
- EK-30KL: Especially useful when the gross weight exceeds 15kg, yet 0.1 g readability is necessary to measure the net weight
- Large (300x210mm) weighing pan for measurements of bulky objects or quantities
- Hygienic and scratch-resistant stainless steel (SUS430) weighing pan
- Easy-to-read LCD display, white backlight (22 mm characters)
- RS-232C interface as standard
- GLP/GMP/GCP/ISO compliant output
- Multiple weighing units: g, kg, oz, lb, ozt
- Automatic Counting Accuracy Improvement (ACAI) function
- Operation with either AC adapter or optional rechargeable battery
- Percent function, comparator function, display hold function

Model	Capacity	Resolution	Pan Size
EK-15KL	15kg	0.1g	300 x 210mm
EK-30KL	3kg / 30kg	0.1g/1g	300 x 210mm

Accessories	Model
Rechargeable battery pack	HC-OP-02i

HV/W-KC(P) Series Multi-Functional Platform Scales

Display unit with HVW-02CB,
HVW-03C, HVW-04C

HV-15KC/P

HW-60KC/P

HV-200KC/P

- Wide selection of capacities and resolutions. Choose from high capacity, high resolution HW-C(P) or multi-interval HV-C(P) models
- High-speed measurement—stabilization within 1 second (HV-C(P) series)
- IP65 dust & waterproof base unit with a stainless steel (SUS430) pan
- Built-in printer for creating paper-based records on the spot (CP models) includes Date & Time
- Operation with either AC adapter or dry cell batteries (AC Adaptor only for CP models)
- Up to 1200 hours from 4 D size batteries (C models)
- Highly-visible, LCD display (25 mm character height) with white backlight
- Bright and multi-colored 5-step LED comparator lights
- Auto-tare, Negative weighing and Initial tare functions. Ideal for 'take-away' check weighing
- Alphanumeric keypad for quick entry of ID number, Pre-set tare, comparator limits etc.
- Key lock function to prevent operators from making changes to the scale settings
- Optional roller conveyers for weighing in production lines
- Universal Flexi Coms (UFC) function to edit serial data output/printout format. Enables control of barcode label printers etc.

IP65 base unit with a SUS430 pan

- Three Interface slots for optional communication interfaces including RS-232C, USB, comparator output, buzzer, control input
- Display hold: Counting: Accumulation: Key Lock: Auto-On/Off: Display working cover
- Adjustable display Angle: Optional 5m display extension cable and wall-mount bracket

Standard functions

(C Models)

Optional

- Comparator function
- Counting function
- Auto power OFF function
- Status indicators (stable, zero, and net)
- High-speed weighing with 1-second stabilization
- Washable and hygienic stainless steel weighing pan in two sizes
- Optional RS-232C and comparator output (FG-OP-23/FG-OP-24)
- Display unit either on a column (FG-KAM/KAL) or attached directly to the platform (FG-KBM)
- Three selectable weighing resolutions (non approved versions only)
- Approx. 150 hours with 4 x C type dry-cell batteries, batteries not included

SW Series High Pressure Washdown - IP69K

Premium resistance to hostile environments!

The large LED screen is highly visible and intuitive. Capacitive keys prevent damage from sharp objects, thus contribute to maintain the integrity of the equipment

The desktop/wall-mount stand can be selected instead of the pole stand

- IP69K - the highest level of dust and water-proofing:
- High pressure: ~ 10,000 kPa / 100 bars / 1,450 PSI
- High temperature: ~85°C
- Auto tare (comparator)
- Auto tare (initial weight)
- Auto tare (reload)
- Negative in addition to positive comparator (loss-in-weight and weight-in-weight batching)
- Grading
- Ultimate protection against the effects of condensation
- Streamlined construction for easy cleaning of food-processing residues
- Stainless steel: sensor, pan, framework, column
- Durable and adjustable indicator bracket
- Capacitive keys for light touch operation and robustness
- Bright, multicolored LED display
- 5-step comparator for check weighing and filling applications
- 5-level comparator output with color lights: red, orange, green
- Desktop/wall-mount stand available instead of the pole stand
- Optional rechargeable battery
- Optional interfaces: RS-232C + comparator, RS-422 / RS-485

Standard functions

Optional

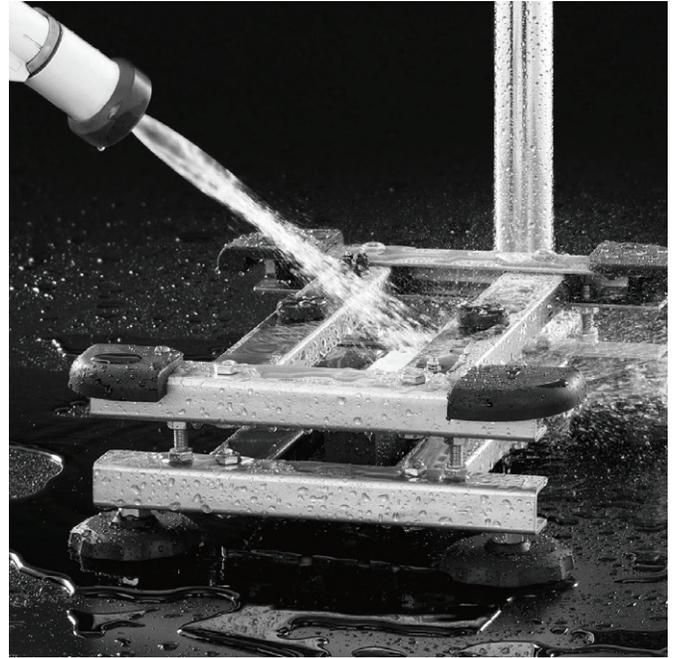

SC/SE

Washdown Platform Scales - IP68

Water jet cleaning

Stainless steel frame (SC)

Stainless steel frame and column (SC)

Painted steel frame and column (SE)

- IP68 dust and water-proof: submersible at 1m under water for 24 hours!
- Wash down construction for easy cleaning
- High speed stabilization in 1 second
- Battery operated
- 4,500 hours of continuous operation with 6 D batteries
- Supersized LCD of 39 mm character height
- Stainless steel weighing pan and frame (SC)
- Painted steel frame and column (SE)
- Waterproof and corrosion-resistant load cell (aluminium anodized and coated with epoxy resin with protective silicon over wiring)
- Comparator function
- Counting function
- Automatic power OFF
- Multiple interfaces (options):
 - RS-232C
 - Quick USB
 - Comparator output
- Easily switchable, multiple weighing units (kg, lb, oz, and pcs)

SC/SE

Washdown Platform Scales - IP68

HW-100KCEP	200lb / 100kg	0.02lb / 0.01kg	15.4 x 20.9in
HW-200KCEP	500lb / 220kg	0.05lb / 0.02kg	15.4 x 20.9in

- IECEx/ATEX Certified Scales
- Easy settings using the alphanumeric keypad
- Auto-tare and negative comparison function
- Counting mode and accumulation function
- Highly-visible, backlit LCD display
- Easy and flexible installation with 1000+ hours of battery life

Standard functions

FS-i Series Checkweighing Scales - IP65

FS-30Ki

- Auto tare (comparator)
- Auto tare (initial weight)
- Auto tare (reload)
- Negative and positive Checkweighing

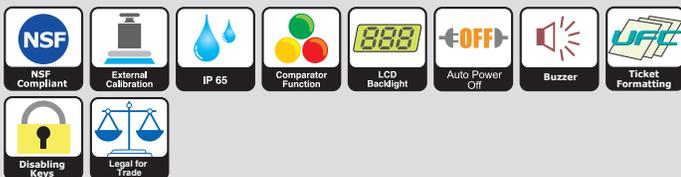

Model	Capacity	Resolution	Pan Size
FS-6Ki	15lb / 6kg	0.001lb / 0.0005kg	9.8 x 9.8in
FS-15Ki	35lb / 15kg	0.002lb / 0.001kg	9.8 x 9.8in
FS-30Ki	70lb / 30kg	0.005lb / 0.002kg	15 x 11.8in

Options & Accessories	Model
Rechargeable Battery Pack	HC-06i
21.5" Extension Column (Only for FS-30Ki)	FS-C
Wall Mount Bracket	FS-01i
RS-232C & Relay Output	FS-03i
RS-485 & Relay Output	FS-04i

- Ultra fast weighing response – only 0.5 seconds!
- Intuitive operation
- IP65 Dust and Waterproof
- Comparator function with LO, OK or HI
- Large comparator lights
- Analog bar display - 3 modes
- Memory for 99 products
- Hygiene - NSF certified
- Large backlit LCD display
- Rechargeable battery pack (optional)
- Filtering function
- Buzzer

Standard functions

Optional

HC-i Series Counting Scales

Economical Compact Counting Scale for
Basic Industrial Applications

Detachable display

Internal, rechargeable battery pack (optional)

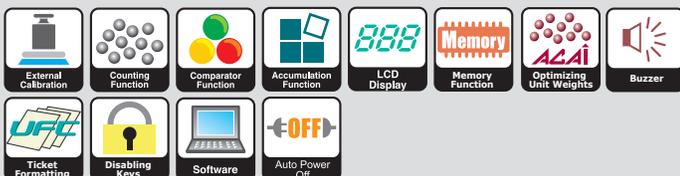

HC-6Ki

Model	Capacity	Resolution	Pan Size
HC-3Ki	6lb / 3kg	0.001lb / 0.0005kg	11.8 x 8.3in
HC-6Ki	15lb / 6kg	0.002lb / 0.001kg	11.8 x 8.3in
HC-15Ki	30lb / 15kg	0.005lb / 0.002kg	11.8 x 8.3in
HC-30Ki	60lb / 30kg	0.01lb / 0.005kg	11.8 x 8.3in

Options & Accessories	Model
RS-232C for HC-i	HC-03i
RS-232C relay output for HC-i	HC-04i
Rechargeable Battery Pack	HC-06i
Extension Cable (2m)	HC-08i
AC adapter (120Vac)	TB:662
AC Adapter (220 V)	TB:164
USB to DIN RS-232 Converter	AX-USB-2920-DIN

- High resolution of 1/600,000 or 1/750,000
- Ability to count even small objects down to 0.005g
- 3 methods to initialize unit weights: sample, memory, and keyboard input
- Large memory for 99 products incl. tare, unit weight and comparator limits
- Navigation system with LEDs indicating active keys for easy and faster operation
- Automatic Counting Accuracy Improvement (ACAI)
- Comparator with HI (exceeding), OK, and LO (insufficient) results
- Accumulation function totals piece count into memory
- Beeping function with frequency variation as you approach your preset target
- UFC: easy formatting of your RS-232C outputs and labels for printers (Universal Flexible Comms)

Standard functions

Optional

HD Series Counting Scales

HD-30KA

HD-60KB

Model	Capacity	Resolution	Pan Size
HD-12KA	30lb / 12kg	0.005lb / 0.0005kg	11.8 x 15in
HD-30KA	60lb / 30kg	0.01lb / 5g	11.8 x 15in
HD-60KA	120lb / 60kg	0.02lb / 10g	11.8 x 15in
HD-12KB	30lb / 12kg	0.005lb / 2g	11.8 x 15in
HD-30KB	60lb / 30kg	0.01 lb / 5 g	11.8 x 15in
HD-60KB	120lb / 60kg	0.02 lb / 10 g	11.8 x 15in

Options & Accessories	Model
Serial Interface (RS-232C/Current Loop)	HD-03
Comparator Output	HD-04
20mA Current Loop	HD-05
Carrying Handle	HD-06
Rechargeable Battery Pack	AD-1681
AC adapter (120Vac)- spare / replacement. Unit ships with an AC adapter.	TB:662
AC Adapter (220V)	TB:164
USB to 25 pin RS-232 Converter	AX-USB-2920-25P

Note: can also use six (6) "C" batteries (not included)

- High internal resolution up to 1/120,000 counts for accurate parts counting
- Detachable display and large, stainless steel platform are ideal for weighing oversized containers
- Increased counting accuracy with Automatic Count Accuracy Improvement (ACA), which automatically corrects errors caused by variation in unit weights
- Detachable display and large, stainless steel platform are ideal for weighing oversized containers
- Intuitive operation with either standard keys (HD-A) or 10-digit keypad (HD-B)

Standard functions

Optional

FC-i/FC-Si High-Performance Counting Scales

More flexible and versatile with additional options

Simple operation and easy to read Vacuum Fluorescent Display

FC-Si with optional traffic light and optional comparator relay interface

Optional interface to remote scale for bulk counting

Model	Min. Unit Piece Weight (internal resolution)	Capacity	Resolution	Pan Size
FC-500Si	0.0001g	1lb / 500g	500g / 0.02g	5 x 5in
FC-5000Si	0.001g	10lb / 5kg	5kg / 0.2g	6.5 x 6.5in
FC-500i	0.0005g	1lb / 500g	0.0001lb / 0.05g	8 x 6in
FC-1000i	0.001g	2lb / 1kg	0.0002lb / 0.1g	8 x 6in
FC-2000i	0.002g	5lb / 2kg	0.0005lb / 0.2g	11.8 x 11in
FC-5000i	0.005g	10lb / 5kg	0.001lb / 0.5g	11.8 x 11in
FC-10Ki	0.01g	20lb / 10kg	0.002lb / 1g	11.8 x 11in
FC-20Ki	0.02g	50lb / 20kg	0.005lb / 2g	11.8 x 11in
FC-50Ki	0.05g	100lb / 50kg	0.01lb / 5g	11.8 x 11in

Options & Accessories	Model
Rechargeable Battery Pack	FC-02i
Second & Third RS-232C	FC-03i
RS-232C/Comparator Relays	FC-04i
Remote Scale Connection	FC-05i
Demo/Carrying / Storage Case	CC:110
AC Adapter (120V)	TB:636
HR-i, FP, HA, HX, GP, FR, SV10/100, SV-A, GH, FC, FC-I, FC-SI	TB:137
2" Diameter Non-Skid Foot (each)	FT:8

- High internal resolution: 1/10,000,000 (FC-Si), and 1/1,000,000 (FC-i)
- Up to 3 RS-232C ports (option)
- 4 methods to initialize the unit weight: sample, memory, keyboard input, bar code
- FC-Si models come with SHS sensor, same as one of our laboratory balances
- Large memory for up to 500 IDs (ID, name, unit weight, tare, comparator limit)
- Navigation system with LEDs indicating active keys for easy and faster operation
- Automatic counting accuracy improvement (ACAI)
- Comparator with HI (exceeding), OK, and LO (insufficient) results
- Accumulation function totals piece count into memory
- Remote platform option offers bulk counting
- UFC: easy formatting of your RS-232C outputs and labels for printers (Universal Flexible Comms)
- Optional rechargeable battery pack (NiMH)

Optional

Standard functions

WEIGHING COMPONENTS

AND
A&D Weighing

SB Platforms - IP65

- Four models ranging from 30lb to 500lb capacity
- Easy-to-clean, removable stainless steel weighing platform
- Two (2) year warranty
- Water and dust resistant load cell sensor

Model	Capacity	Pan Size
SB-15K10	30lb / 15kg	9.8 x 9.8in
SB-60K11	150lb / 60kg	13 x 16.7in
SB-100K12	200lb / 100kg	15.4 x 20.8in
SB-200K12	450lb / 220kg	15.4 x 20.8in

Standard functions

AD-4329A Digital Weighing Indicator

- Vacuum Fluorescent Display
- Standard RS-232C interface
- 4-point digital linearization
- Triple range on weighing capacity are available
- Automatic or manual storage of accumulated data
- Comparator output to optional relays
- Set-point comparison for batching applications
- Select weighing range (up to triple range)
- 1/20,000 displayed count resolution (maximum)
- Powers up to 8 units of load cells
- Controllable via external input
- Mount on panel, column or desk top
- Use the keypad to enter the predetermined tare weight

Model	Description
AD-4329A	Digital Weighing Indicator

Standard functions

Options and Accessories	Model
BCD Output	AD-4329A-01
Relay Outputs	AD-4329A-02
AC adapter (120Vac)- spare / replacement. Unit ships with an AC adapter.	TB:662
USB to 25 pin RS-232 Converter	AX-USB-2920-25P

AD-4401A

Digital Weighing Indicator

Standard functions

- Powerful vibration-cancelling filter (High Performance Digital Filter)
- 100 times/sec. High speed sampling
- Up to 1 million counts of A/D resolution
- High display resolution up to 1/16,000
- Sub display provides feedback on all set points & simplifies calibration
- Digital Span Calibration enhances technical support and difficult installations

Model	Description
AD-4401A	Digital Weighing Indicator

Options & Accessories	Model
Parallel BCD Output (Open Collector)	AD-4401A-01
RS-422/485 Serial Interface	AD-4401A-03
RS-232C Serial Interface	AD-4401A-04
Setpoint Unit	AD-4401-05
Analog Output (4~20mA)	AD-4401A-07
Adapter Bracket to replace AD-4323	AD-4401-10
USB to 25 pin RS-232 Converter	AX-USB-2920-25P

AD-4402 Batch Weighing Indicator

Standard functions

- Batch weighing with 11 control inputs
- Large and easy to read Vacuum Fluorescent Display (VFD)
- Fast and precise with 100 A/D conversions per second
- Twin displays show weight and operational details
- 10 digit keypad and function buttons for easy operation
- Pre-programmed with multiple sequences and functions
- Stores 100 data points for raw materials and recipes

Model	Description
AD-4402	Digital Weighing Indicator

Options & Accessories	Model
BCD Output	AD-4402-01
Relay Output	AD-4402-02
RS-422/485	AD-4402-03
RS-232C	AD-4402-04
Parallel I/O	AD-4402-05
Analog Output	AD-4402-07
Adapter Bracket to replace AD-4325A/V	AD-4402-10
CC Link Interface	AD-4402-20
Device Net Interface	AD-4402-21
USB to 25 pin RS-232 Converter	AX-USB-2920-25P

AD-4406A Digital Weighing Indicator

- Universal Flexi Coms
- UFC allows you to customize the protocol of the printing format as well as outputting the data with RS-232C
- Multi interval 2 weighing ranges selectable
- Accumulation Function-stored into memory automatically or manually
- Comparator Function Upper/Lower, HiHi/Hi/OK/Lo/Lolo & comparison

Model	Description
AD-4406A	Indicator, General Purpose

Options & Accessories	Model
Wall Mount Bracket	AD-4406-01A
RS-422/485/Relays	AD-4406-03
RS-232C with relays	AD-4406-05
Analog Output (4-20mA)	AD-4406-07
AC adapter (120Vac)- spare / replacement. Unit ships with an AC adapter.	TB:662
AC Adapter (220V)	TB:164
USB to 9 pin RS-232 Converter	AX-USB-2920-9P

Standard functions

AD-4407 Digital Weighing Indicator

- Large and easy to read Vacuum Fluorescent Display (VFD)
- Robust stainless steel construction
- High display resolution of 1/20,000
- IP65 rated allows for easy cleaning and reduces contamination
- 10 digit keypad and function buttons for easy operation
- Quickly determine if a weight count is below, within or above target with the built-in comparator function and audible buzzer alert
- Pre-programmed with multiple functions including: Accumulation, Comparator, Counting and Batching
- Easily format printouts with built-in Universal Flex Coms (UFC)

Model	Description
AD-4407	Indicator, Washdown, Stainless Steel Housing, 0-9 keys

Options and Accessories	Model
RS-422/485/Relays	AD-4407-03
RS-232C with relays	AD-4407-05
Analog Output (4-20mA)	AD-4407-07

Standard functions

AD-4410

High Speed Weighing Indicator

- Powerful vibration-cancelling function (High Performance Digital Filter)
- High speed sampling (100 times/second), high accuracy
- Circuits equipped with powerful noise reduction
- Accurate linear correction function using high-order equations
- Average holding function
- Comes equipped with Modbus-RTU

Model	Description
AD-4410	Indicator, General Purpose

Options and Accessories	Model
RS-485 DIN connector	AD-4410-03
RS-232 DIN connector	AD-4410-04
Desk stand	AD-4410-11

Standard functions

SW-D IP69K Weighing Indicator

- IP69K - the highest level of dust and water-proofing:
- High pressure: ~ 10,000 kPa / 100 bars
- High temperature: ~85°C
- Ultimate protection against the effects of condensation
- Capacitive keys for light touch operation and durability
- Bright, multicolored LED display
- 5-step comparator for check weighing and filling applications
- 5-level comparator output with color lights: red/orange/green
- Auto tare
- Negative weighing
- Grading
- Pre configured fixed capacities / resolutions
- Optional desktop/wall-mount bracket
- Optional rechargeable battery
- Optional interfaces: RS-232C + comparator, and RS-422 / RS-485

Model	Description
SW-D	SW-D Indicator

Options & Accessories	Model
Internal, rechargeable battery	HC-OP-02i
RS-232C & comparator relay output*	SW-OP-03
RS-422/485*	SW-OP-04
Short pole (SW-6KS/SW-15KS)	SW-OP-09
Long pole	SW-OP-10
Desktop/wall-mount stand	SW-OP-11

Standard functions

FS-D IP65 Indicator with 3-level Comparator

Model	Description
FS-D	FS-D Indicator

Options & Accessories	Model
Rechargeable Battery Pack	HC-06i
RS-232C & Relay Output*	FS-03i
RS-485 & Relay Output*	FS-04i

Note: * FS-03i and FS-04i cannot be used at the same time.

Standard functions

Optional

- Intuitive operation
- IP65 dust and waterproof
- Comparator function with LO, OK, or HI
- Large comparator lights
- Buzzer
- Analog sweep display - 3 modes
- Memory for 99 products
- Hygiene - NSF certified
- Large LCD display with backlight
- Rechargeable battery pack (optional)
- Filtering function
- Auto tare
- Negative weighing
- Desktop/wall-mount bracket included as standard

AD-4212A, AD-4212B

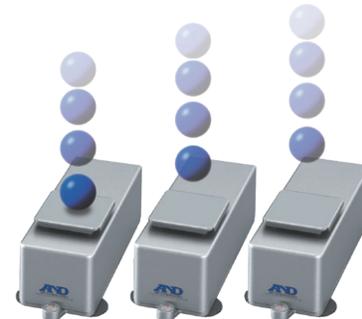

High Speed Production Weighing Sensor

Ensures maximum efficiency of your production line

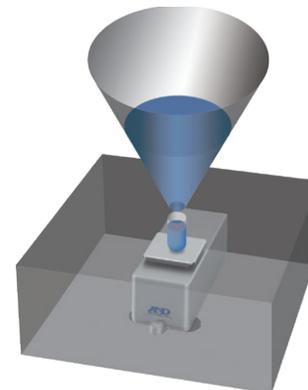

For applications such as:

- High-speed weighing
- High-speed check weighing
- Filling
- Isolated weighing

Fast, Precise, Compact, Durable

AD-4212A-1000

Model	Capacity	Resolution	Pan Size
AD-4212A-100	110g	0.1mg	50 × 50mm
AD-4212A-200	210g	1mg	50 × 50mm
AD-4212A-600	610g	1mg	50 × 50mm
AD-4212A-1000	1100g	1mg	70 × 70mm

AD-4212B-201	210g	0.1mg	50 × 50mm
AD-4212B-301	310g	0.1mg	50 × 50mm

* Smart Range (see icon definition)

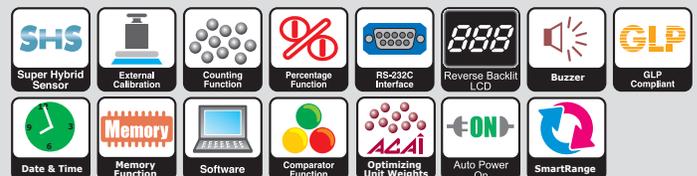

Options & Accessories	Model
BCD output/external contact input	AD4212A-OP-01
Comparator output (only AD-4212A)	AD4212A-OP-04
Extension cable 3m	AD4212A-OP-07
Ethernet interface (with application software WinCT-plus in CD-ROM)	AD4212A-OP-08
Stainless steel breeze break (standard for AD-4212A-100 and all B models)	AD4212A-OP-19
Metal levelling foot	AD4212A-OP-20
Static eliminator	AD-1683

Optional

- High resolution and quick stabilization times
- Possibility to use a weighing pan of your own design for holding special objects
- Standard RS-232C interface
- The AD-4212A offers 3-level comparator with contact output and buzzer
- The AD-4212B offers 5-level comparator with contact output and buzzer
- External digital inputs to trigger actions such as RE-ZERO or PRINT
- Data memory, GLP and GMP compliant
- WinCT: software tool for data acquisition from PC
- Multiple weighing units: g, mg, OZ, Lb, LOZ, Ozt, ct, mom, dwt, GN, TL, t, MS, PCS (counting) and Pct (%)
- 2m connection cable in between sensor and indicator
- Protection against vertical or transverse shocks - patented (AD-4212B)

Standard functions

(AD-4212B-101)

AD-4212C

High Speed Production Weighing Sensor

AD-4212C-300

Fast: down to 0.5s
 Precise: down to 1mg
 Compact: 59mm width
 Durable: with IP65

Autonomous operation with optional AD-8922A controller.

(AD-8922A can also interface with a PC or a PLC)

Direct connection of sensor to PC or PLC by RS-232C

Model	Capacity	Resolution	Pan Size
AD-4212C-301*	51g/320g	0.1mg/1mg	50 × 50mm
AD-4212C-300	320g	1mg	50 × 50mm

AD-4212C-3100*	510g/3200g	1mg/10mg	50 × 50mm
AD-4212C-3000	3200g	10mg	50 × 50mm
AD-4212C-6000	6100g	10mg	50 × 50mm

* Smart Range (see icon definition)

Options & Accessories	Model
Remote controller and display unit	AD-8922A
Remote controller with BCD interface	AD-8923-BCD
Remote controller with CC interface	AD-8923-CC
Static eliminator	AD-1683

Standard functions

(AD-4212C-301/3100)

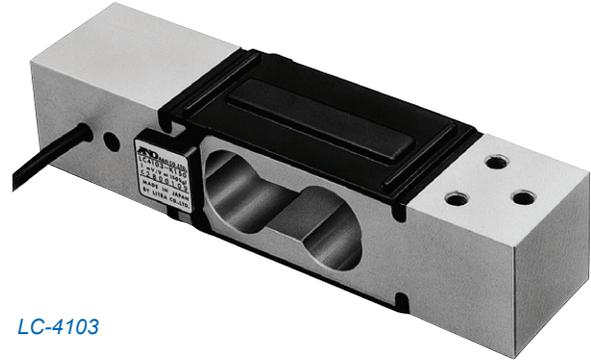

- High resolution and quick stabilization times
- Possibility to use a weighing pan of your own design for holding special objects
- Protected against vertical and transverse overloading (patent pending)
- Outputs digital weighing data directly to a panel computer, PLC, or PC via standard RS-232C interface
- Analog, comparator, and BCD outputs are also available when using the optional AD-8922A controller
- High-speed data transmission of up to 50 times/second
- IP65 dust and water-proof construction for powder or liquid weighing
- Easy calibration and response speed adjustment using WinCT-AD4212 software
- Calibration weight included
- Connection cable included (about 5m)
- Securable to a base by replacing levelling feet with screws

LC-4204-K600	1200lb / 600kg

Options & Accessories	Model
Load Cell Connector (Male)	JM:NJC-207-RM
Load Cell Connector (Female)	JM:NJC-207-PF
Load Cell Connector for HV/HW	JT:171822-5
Summing Box (60-90 day lead time)	AD-4382

ACCESSORIES

AND
A&D Weighing

AD-1688

Weighing Data Logger

Save, Carry, and Retrieve! Handheld device that lets you collect weighing data without connecting the balance or scale to a PC!

- Dual interface: An RS-232C interface to import weighing data from an A&D balance or scale and a USB interface to export the data to a PC (no driver software is required)
- Large memory: approx. 5000 weighing data sets (in the A&D standard format) can be stored
- Internal clock: date, time, & seq. N° added to weighing data
- Interval mode: periodic data acquisition
- Complex data records: records containing multiple data (tare, unit weight, weight, count, comparison result, product name...).
- No battery required: receives power supply directly from a balance, scale or PC

Model	Description
AD-1688	Weighing Data Logger

AD-1687 Weighing Environment Logger

Time-stamped recording of environmental and weighing data. Environmental data are produced by AD-1687 embedded sensors. Weighing data is acquired from a balance.

- Add environmental data to your weighing records:
 - » Temperature (°C/°F),
 - » Humidity (%),
 - » Barometric pressure (hPa),
 - » Vibration (mG)
- Large memory capacity of 10,000 data sets
- Graphic and numeric display of information
- Connects to balance by RS-232C and to PC by USB
- Time stamping of data

Model	Description
AD-1687	Weighing Environment Logger

AD-1641

Air Flow and Environment Logger

- High precision, fast response air flow sensor to capture low-velocity air flows of 0 to 1.00 m/s
- Measure and record four additional environmental data – temperature, humidity, barometric pressure and vibration
- Alarm for abnormal values (comparator function)

Model	Description
AD-1641	Air Flow and Environment Logger

AD-1691

Weighing Environment Analyzer

- Calculates minimum weight according to USP
- Calibration uncertainty calculation based on 7 uncertainty components
- Assess your measurement environment using AND-MEET with BM Series balances

Model	Description
AD-1691	Weighing Environment Analyzer

AD-1683 Static Eliminator

- The AD 1683 generates positive and negative ions to eliminate static electricity, which is often the cause of inaccurate weighing
- Ideal for treating your glassware, Petri dishes, powders, samples, etc.
- No fan, no breeze is produced, ideal for powders.
- Easily and safely connected; requires no high-voltage wiring
- Compact and lightweight:
 - » Size without its U shaped stand
- 112mm (L) × 92mm (W) × 40mm (H)

Model	Description
AD-1683	Static Eliminator

AD-1684 Electrostatic Field Meter

- Electrostatic field meter designed for detecting static electricity, which is often the cause of inaccurate weighing
- Size: 123mm (L) × 73mm (W) × 25mm (H)

Model	Description
AD1684	Electrostatic Field Meter

AD-8526 Ethernet Converter

- Converts RS-232 serial signal to Ethernet
- Allows Ethernet interface to A&D devices
- Works with all A&D balances equipped with RS-232
- Input/output is 9 pin M serial connector, requires 9 pin F to 9 p or 25 pin depending on device being connected, so choose the kit with appropriate cable below.

Model	Description
AD-8526-9	Ethernet Converter with D sub 9 cable
AD-8526-25	Ethernet Converter with D sub 25 cable
AD-8526-7	Ethernet Converter with 7 pin DIN cable

AD-8529 Series Bluetooth Converter

AD-8529PC-W

AD-8529PR-W

- Replaces serial cable for direct paired connection
- AD-8529PC-W for balance / scale direct to PC connection. Comes with USB transceiver for use with PC or laptop
- AD-8529PR-W for balance / scale direct connect to A&D printers, including AD-8127
- Each comes with 2 transceivers, which automatically pair
- Cannot be used with built-in Bluetooth of laptops or mobile devices – requires use of the provided transceiver

Model	Description
AD-8529PC-W	Bluetooth Converter for PC
AD-8529PR-W	Bluetooth Converter for Printer

AX-USB-2920 USB to RS232 Convertor

- Transfer data and control A&D balances with this USB-to-RS232 serial convertor and cable set
- Use with A&D WinCT to transfer, capture and graph weighing data
- Choose kit below with convertor and cable.

Model	Description
AX-USB-2920-9P	RS-232-to-USB convertor with 9 pin RS-232 cable (6ft)
AX-USB-2920-25P	RS-232-to-USB convertor with 25 pin RS-232 cable (6ft)
AX-USB-2920-DIN	RS-232-to-USB convertor with 7 pin DIN RS-232 cable (6ft)

AD-8922A Remote Controller

- The AD-8922A is a remote controller that can be connected to certain A&D weighing instruments in order to display and control the weighing instrument remotely
- Same keys as on most A&D balances
- Perfect for use with glove boxes or outside of environmental chambers

Model	Description
AD-8922A	Remote Controller

AD-8920A Remote Display

- With this unit, weighing values can be viewed in a remote area
- Can be used with all A&D products using the RS-232C interface
- Bright Vacuum Fluorescent Display

Model	Description
AD-8920A	Remote Display

AD-1682 Rechargeable Battery Unit

- Ideal for mobile operation in the field
- Compatible products: GH, GR, HR, GX, GF, GP, EK-i, EW-i, FC-i, HC-i, FX-i, FZ-i, FX-i-WP, FZ-i-WP

Specifications	
Weight	Approx. 1.1kg
Battery life	4-50 hours, depending on operating conditions and connected devices
Dimensions	57(H) × 96(W) × 124(D) mm
Battery type	Nickel-metal-hydride (Ni-MH) battery

Model	Description
AD-1682	Rechargeable Portable Power Supply

AD-1192 Compact Printer

- Impact printing for a temperature-insensitive record
- Uses plain paper rolls
- Palm-sized

Model	Description
AD-1192	Compact Printer

Accessories	
Roll Paper (5 Rolls)	WP:PP137
Replacement Ribbon	AD-1192-1
Replacement Power Cord	AD-1192-2
RS-232C Interface Cable to Balances, Scales & Indicators with 25 pin connection	KO:1131
RS-232C Interface Cable to BM/HR-A/Z, EJ/EK-i/EWi/FC-i/FCSI/GH/FX-i(WP)/FZi(WP)/JM	KO:WW9-25
RS-232C Interface Cable to FG-K /HCi /HV /HV-G /HW-G /HV-WP /HW-WP	KO:WW25-7

AD-8127 Multifunction Printer

- Impact dot-matrix printing on plain paper rolls (resists thermal fading)
- Statistical function
- Date & time
- Wireless printing from A&D balances and scales when used with AD-8529PR-W
- Cables provided as standard

Model	Description
AD-8127	Multi-Function Printer with LCD Display

Accessories	
AX-ERC-22B	Ink ribbon (set of 5 ribbons)
AX-KO2116-090	RS-232 cable (9p -25p, 0.9m)
AX-KO2741-100	RS-232 cable (9p -9p, 1m)
AX-KO5291-100	Current loop cable (9p - DIN, 1m)
WP:PP137	Roll paper (5 rolls)
AX-PP173-S	Dust-free printer paper

SERVICES

AND
A&D Weighing

Service

Get the Most out of Your Investment

A&D Weighing offers accurate and reliable measurement equipment and we want to ensure your satisfaction over the lifetime of our equipment.

Our depot repair centers provide repair services for all A&D Weighing Equipment including warranty repairs and flat-rates.

Benefits of A&D Repair Center:

- Services are performed by factory-trained technicians
- Fast turnaround times, expediated repairs available on most models with an additional fee
- Original Spare parts
- Reasonable Flat-Rates
- Equipment is cleaned and aligned to manufacturer's specifications
- 180 days warranty on all repairs and services performed
- Services are performed in an ISO-1700 accredited facility
- Upgrade\trade-in your old equipment

Extended Warranties

A&D Engineering, Inc. ("A&D") warrants each product to be free from defects in materials and workmanship, and to conform to its published product specifications under normal use and service for the period listed above commencing from the date of purchase.

The foregoing warranty is extended only to the first purchaser and applies only to product failures due to defective materials and/or workmanship. Without limiting the generality of the foregoing, the foregoing warranty will not apply if, upon inspection, it is found that the product was: misused or abused; used for a purpose for which it was not designed; mishandled; placed in an improper environment; repaired by unauthorized personnel; or improperly installed or adjusted.

The sole and exclusive remedy in the event of any breach of the foregoing warranty shall be for the original purchaser to return the product to A&D, freight and insurance prepaid, for repair, replacement or credit, at A&D's option. Any product repaired or replaced under the foregoing warranty shall be shipped back to customer freight prepaid.

Except as provided above, A&D makes no warranty concerning the products, expressed or implied, including but not limited to the implied warranties or merchantability and fitness for a particular purpose. All such warranties are expressly disclaimed. In no event will A&D's liability under the foregoing warranty exceed the purchase price paid for the product giving rise to the liability.

IN NO EVENT SHALL A&D BE LIABLE FOR ANY LOSS, INCONVENIENCE, OR DAMAGE, INCLUDING WITHOUT LIMITATION DIRECT, OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, RESULTING FROM OR RELATED TO THE USE OR INABILITY TO USE A PRODUCT, WHETHER RESULTING FROM BREACH OF WARRANTY OR ANY OTHER LEGAL THEORY, EVEN IF A&D HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH INCONVENIENCE, DAMAGE OR LOSS.

Terms and Conditions:

- All prices are FOB; San Jose, California or Duluth, Georgia.
- Returns will not be accepted unless a Return Goods Authorization Number (RMA) has been issued from a Customer Satisfaction Representative 800-726-3364.
- A 20% restocking charge will be applied to all returned goods.
- Suggested list prices, terms and specifications are subject to change without notice.

Depot Repair Rates

A&D is continuously developing service programs that offer fast and cost-effective method of repair for you and your customers. Most repairs received by A&D are now done under our Flat Rate Repair Policy. If you can't find your product on our flat rate repair list, please request an estimate. Flat Rate Repair is offered at the prices shown.

We offer:

- Reasonable Repair Rates
- Estimates for your customers
- 180 Days Warranty

It's as easy as 1, 2, 3:

1. Call your Service Technician for an RMA number.
2. Issue a purchase order and send us the product.
3. Specify return method.

Terms & Conditions:

- Prices are subject to change without notice.
- Replacements for missing parts, components and accessories are not included in the prices.
- In the event we are able to repair an instrument in 30 minutes or less with minor parts, a reduced flat rate of \$225.00 will be charged. However, before you send an instrument in for repair you must get approval from your customer for the regular Flat Rate. Reduced Flat Rate applies to A&D Weighing products only.
- This Flat Rate repair policy applies only to instruments we feel are in repairable condition.
- Warranty for repairs is 6 months.

Key feature index

Accumulation (M+) Function
Sums the weighing results and displays the total value

GLP/GMP/GCP/ISO Compliant Output
Outputs the manufacturer, model, serial number, ID number, space for signature, calibration records, etc., for documentation requirements

Rechargeable Battery Operation
Works with a built-in rechargeable battery unit

Animal Weighing (Hold) Function
Helps measure and record the weight of a moving object such as an animal by averaging fluctuation

Impact Shock Detection
A visual & auditory alert that educates, prevents, and documents damage to sensor due sharp impact

Reverse-backlit Liquid Crystal Display
Provides a bright, high contrast that is extremely easy to read and less stressful on the eyes

Auto Power OFF Function
Turns off the display automatically after a period of inactivity to save power

Intrinsic Safety
Protection from potentially explosive atmospheres

RS-232C Serial Interface
Outputs data to and receives commands from a PC, printer, data logger, etc.

Auto Power ON Function
Activates the weighing mode display automatically when plugged in

IP65 Dust and Waterproof
Permits no infiltration of dust and withstands water jetting from any direction

Smart Range Function
Automatically switches between the precision and standard ranges, and recovers the full precision range with a press of the RE-ZERO (tare) key

Buzzer
Audible sound indicator

IP67 Dust and Waterproof
Permits no infiltration of dust while immersed in water up to 1 m of submersion non continuous.

Software
Data management software available

Clock and Calendar Function
Adds time and date information to output data

IP68 Dust and Waterproof
Permits no infiltration of water while immersed to a depth of 1 meter for 24 hours

Statistical Calculation Function
Displays and outputs statistical calculation data including number of data, sum, max, min, range (max – min), mean, standard deviation and coefficient of variation

Comparator Function
Compares weight values within set limits and makes pass/fail judgments

IP69K Dust and Waterproof
Withstands heavy-duty washdown with high-pressure (8,000 to 10,000 kPa) and high-temperature (80 ± 5 °C) water from up close (100 to 150 mm)

Super Hybrid Sensor / Compact Super Hybrid Sensor
Simultaneously achieves precision, speed and stability, as well as ease of maintenance

Counting Function
Displays the number of pieces based on their individual unit weight

LAN-Ethernet Interface
(with WinCT-Plus software) Enables acquiring data from and sending commands to multiple weighing instruments

Universal Flexi Coms Function
Enables editing of serial data output format or printout format

Counting Function with Automatic Optimizing Unit Weights
Displays the number of pieces based on their individual unit weight while automatically optimizing the accuracy of the unit weight

Liquid Crystal Display with Backlight
Ensures visibility in a dimly-lit area

Underhook
Enables magnetic, hot, or contaminated materials to be hanged for weighing or for density measurements

Data Memory Function
Stores weighing data, calibration results, unit masses, upper/lower limits, preset tares, etc., for easy recall or output

Liquid Crystal Display
Provides a sharp-cut, energy-saving display

USB Interface
Enable the balance to communicate with peripheral device (bi-directional) via USB

Disabling Keys
Disable keys from being activated or switched

LED Display
Provides a wide viewing angle and colorful display, allowing quick, intuitive judgments

Quick USB Interface
Transfers weighing data to a PC USB port (one way) requiring no special software installation

Electronically Controlled Load
A self-diagnostic before performing an internal repeatability test without an external weight, all in less than a minute and a half.

Legal for Trade
Certified Legal For Trade Scales For Selling Goods By Weight specific

User Access Control
Secure feature that allow users to have assigned user privilege managed and authorized by administrator

Calibration with External Weight
Requires an external weight for calibration

Normal Battery Operation
Works with off-the-shelf battery cells

USB Host Interface
Stores the weighing value in the USB memory

Calibration with Internal Weight
Enables you to ensure balance accuracy with just one key press

NSF Compliant
Meets food protection and sanitation requirements as established by NSF International

Vacuum Fluorescent Display
Provides clear and wide-angle visibility even in a dimly-lit area

Flow Rate Display
Calculates, displays, outputs and compares mass or volume flow rate values

Percentage Function
Displays the weight value as a percentage of a stored reference mass

This complete line of product inspection equipment is designed to save you time and reduce production error while managing the risk of costly chargebacks, fees, lawsuits and expensive recalls.

Checkweighing

If product giveaway and fill is your concern, this is your solution. Our line of checkweighers are modular, easy to incorporate into your existing line, have the ability to process up to 400 pieces per minute! Pair with a rejector to automate the rejection process.

In facilities with metal machinery and risk of metal contamination, our metal detectors can detect ferrous, non-ferrous and stainless steel pieces as small as 0.2 millimeters, that's smaller than a grain of sand! With a stainless steel body, they are wash down rated for easy cleaning and maintenance.

Metal Detector

PROTEX SERIES

X-Ray

Implement this smart inspection system. The ProteX X-ray series can be programmed to work specifically for your products to identify contaminants like bone, plastic, metal and glass. Advanced features like masking, missing component detection and misshaped product detection also come standard

DAQ solutions from bench
to factory floor to field

Data Acquisition

Measurement by anyone anywhere

Record, analyze and print right on-site with the A&D family of Data Acquisition Systems.

Features:

- 4, 8, 16 and 32 channel models
- 12.1" touch-screen display
- Built-in printer
- 11 plug-in modules for a wide array of transducers and signals

Applications:

- FFT analysis (on-board)
- Data logging
- Temperature tests
- Voltage, current measurements
- Strain gauge tests
- Vibration characterization
- PCB strain analysis
- Vehicle tests
- Electrical relay tests

Precisely test materials with the AD-3253B

Non-Destructive Test

Ultrasonic thickness testers

Its light weight (180g) offers hours of fatigue-free operation.

Features:

- Automatically displays the correct thickness. No special qualifications or training are required.
- Easy to read. Displays both measured thickness and sonic velocity of the sample.
- Select inch or mm units-of-measurement.

Applications:

- Thickness Measurement
- Corrosion Test
- Inspection

Samples:

Steel Titanium, Aluminium, Copper, Brass, Glass, Ceramic, Plastic, etc

Gain insights into your materials and products
with table-top and floor models

Material and Product Test

Strength you can see!

The MCT series of table-top universal testing machines are great alternatives to force and push pull gauges.

Features:

- Compact space-saving design
- Color touch panel
- High precision load cell included
- Data capture software included

Applications:

- Tensile / compression tests
- Bending strength
- Required button-push force
- Plastic bottle buckling test
- Tablet (pill) crush / crack force
- Animal feed / pellet strength
- Food container peel / puncture
- Saline bag puncture force
- Syringe resistance
